1. Call to Order

Mr. Lai called the hybrid meeting to order at 10:31 a.m.

2. Attendance

A quorum was present as listed above.

3. Public Comment

Ms. Sicks advised that no request for public comment was received, no one has requested to be present to offer comment, and there is no one attending in person asking to offer comment.

4. Minutes

Mr. Braun moved for approval of the minutes of the June 17, 2022 meeting, and was seconded

by Mr. Stokes. The motion was unanimously approved.

Items for Action

5. Acceptance of the Illinois Department of Transportation Safety Targets and Performance Measures, and Approval of Resolutions for Referral

Mr. Lai advised that as in the past, the Technical Committee is asked to accept the IDOT targets for performance measures for FY 2023, and refer the matter to the Policy Committee. Ms. Sicks noted that the resolution adopting the targets notes that the Bloomington-Normal MPO will contribute as possible to the fulfillment of the targets, but not in the exact percentage terms defined by IDOT. The Committee noted a correction for the mayor of Bloomington, and the need to label the performance measure table to specify FY 2023.

Mr. Kothe moved for approval of acceptance of the IDOT safety targets and referral to the Policy Committee, and was seconded by Mr. Stokes. The motion was unanimously approved.

Items of Information or Discussion

6. MLRTP Chapter 6 Content (Inventory of Projects)

Ms. Sicks noted that the local staff were contacted to request the project inventory for Chapter 6 of the MLRTP, noting that the MPO participants are required to project projects across the term of the plan. With the current TIP serving to inventory the first five years, that leaves 23 years to complete the lists. She asked that she be updated on the status of the project inventory.

7. That Which May Arise

Mr. Lai noted that the MLRTP update is ongoing. As of late June, the final focus group meeting was held, regarding Connected & Autonomous Vehicles and Intelligent Transportation Systems. The survey has drawn over 700 responses. Regarding the draft report chapters, Chapter 4 has been distributed for review, and chapter 5 will be sent out shortly.

8. Next Meeting

The Committee is next scheduled to meet at 10:30 am on Friday, August 19, 2022.

9. Adjournment

Mr. Kothe moved for adjournment, and was seconded by Mr. Magee. The motion carried unanimously, and the meeting adjourned at 10:46 a.m.
