

Public Notice
McLean County Regional Planning Commission
Transportation Improvement Program FY 2025 – 2029
PUBLIC REVIEW PERIOD May 24 through June 24, 2024
PUBLIC HEARING – June 28, 2024 11:00 a.m.

The McLean County Regional Planning Commission (MCRPC), in accord with relevant Federal law, has prepared a draft Transportation Improvement Program (TIP) for FY 2025 - 2029. The draft document is available for public review from May 24, 2024 to June 24, 2024, inclusive, at the MCRPC office in Government Center, 115 East Washington Street, Suite M103, Bloomington, Illinois, M-F from 8:30 a.m. to 4:30 p.m., and on the MCRPC web site at www.mcplan.org. Additions to the draft proposed during the public comment period will be made available at the Commission office. In the course of the public review period and pursuant to the adopted MCRPC Public Participation Plan, MCRPC will hold a hybrid public hearing concerning the FY 2024 – 2028 Transportation Improvement Program (TIP), on June 28, 2024, with details to be announced by newspaper advertisement and website notice. This meeting will be livestreamed on the MCRPC website. If you wish to participate in the meeting virtually, please contact Jennifer Sicks at jsicks@mcplan.org for details. Comments on the draft should be submitted in writing to the MCRPC during the comment period, or at the public hearing. Comments on the Transportation Improvement Program will be considered for inclusion in the final TIP, as directed by the MCRPC Transportation Policy Committee following the public hearing. Please direct questions to Jennifer Sicks, Senior Transportation Planner, MCRPC, by mail, by telephone at 309-828-4331, or by email to jsicks@mcplan.org. The Transportation Improvement Program is a five-year summary for urban area road, trail, pedestrian improvement and public transit projects. At minimum it reflects all projects expected to utilize Federal transportation funding. It incorporates the Programs of Projects for public transit providers, including Connect Transit and SHOW BUS. If no changes to the Transportation Improvement Program are made pursuant to public comment during the public review period or the public hearing, the project and transit projects included in the draft document will constitute the Final Program of Projects. Agencies receiving Federal Transit Administration funds are required to comply with certain public participation requirements, including those specified with respect to Urbanized Area Formula Grants made pursuant to 49 USC 5307. For transit providers operating in the Bloomington - Normal Metropolitan Planning Area, and represented in the Transportation Improvement Program, the Regional Planning Commission process for public review, participation and comment on the Transportation Improvement Program serves as the public participation process regarding the program of projects for such providers. Individual providers may also conduct additional public hearings. These include but are not limited to Connect Transit and SHOW BUS.
